NOTES for Agencies and Volunteers:

1. Mental health is funded by the state and cannot be funded by counties. Story County is in the Central Iowa Community Services (CICS) region; CICS receives state funds to provide MHDS services.
2. Services funded by Story County must be accessible and available to countywide residents, this does not exclude funding for services located in Ames.
3. The Board of Supervisors is interested in knowing how agencies are embedding equity into programs. Annual reports should include implementation and data collection methods, particularly those designed to show the effectiveness of new programs.
